## WRAPPING UP BITS BAGS

### Basic Items for Toddler Success

After weeks of hard work, the BITS Bag project is wrapping up and caseworkers are leaving the warehouse with cars stuffed full of colorful bags filled with fun, interactive toys for infants and toddlers.

We were able to meet and exceed our goal to provide agencies with 1,000 bags for their client families. Families in the Merrimack Valley who may not have had access to these items will now have a BITS Bag and the knowledge that the community cares and supports them.

We are so thankful for all of the generous donors who helped to make this project a success.

## BUILDING A STRONGER COMMUNITY

We at The Wish Project want the entire community to know what services we provide and just how we can help. Getting the word out about what we do is so important. The next person we reach could have the items to donate that we need most, or they could be in need of the services that we provide.

To help get the word out, staff and volunteers put together a fun video to give you a quick peek into what goes on in the warehouse and entered the video in the Greater Lowell Chamber of Commerce YouTube Video Awards. We were chosen as a finalist and we need your votes to take home the award! Check out all of the finalists [here](#) and vote. Be sure to share with friends, neighbors, coworkers, and anyone who may be interested in watching some fun videos and voting! Help us spread the word about the amazing things that The Wish Project can do!
